Index of Titles

- ADDRESS of Guest of Honor American Laryngological Association: How to Smother an Idea. Arthur W. Proetz, 364.
- Agnesia and Hypoplasia of the Lung. Bronchography in. Eelco Huizinga and J. F. van Weering, 26.
- Airway Function, Upper, and Pulmonary Function, Experimental Observations of Relationships Between. Joseph H. Ogura, J. Roger Nelson, Richard Dammkoehler, Masashi Kawasaki and Kiyoshi Togawa, 381.
- Anesthetics, Effects of upon the Ear. V. Cochlear Potentials and Behavioral Threshold. William F. Strother, Donald E. Parker, Walter E. Rahm, Jr. and Jesse F. Crump, 141.
- Auditory Adaptation, Threshold, Measured by Tone Decay Test and Békésy Audiometry. F. Harbert and I. M. Young, 48.
- Auditory Characteristics and Stress, of the Rat. Hideo Ishii, Kikuo Kimura and Osamu Harada, 948.
- Auditory Evoked Potentials in Man, Some Aspects of. Steven J. Borsanyi, 61.
- Auditory Recovery Function in Cat, Some Aspects of the Cortical. Steven J. Borsanyi, 312.
- Auditory Test of Newborn Infants. Tokuro Suzuki, Yutaka Kamijo and Sosuke Kiuchi, 914.
- BEKESY Tracing. M. Rodda, 222.
- Bell's Palsy, Familial. Howard B. Danforth, 179.
- Bone Conduction, Animal Experiments in. Juergen Tonndorf, 659.
- Bone Conduction Sensitivity of the Normal Ear, Effect of Simultaneous Loading of Tympanic Membrane of External Auditory Canal on. Caesar N. Abu-Jaudeh, 934.
- Bronchial Perforation During Bronchoscopy. Martin T. Brennan and F. Johnson Putney, 1108.
- Bronchi and Trachea, Benign Tumors and Tumorlike Conditions of the. Vincent T. Caldarola, Edgar G. Harrison, Jr., O. Theron Clagett and Herbert W. Schmidt, 1042.
- Bronchograms, Hytrast, Pulmonary Tissue Reaction Following. S. Donald Greenberg, Grady L. Hallman, Jr. and Harlan J. Spjut, 1095.
- Bronchoscopy, Bronchial Perforation During. Martin T. Brennan and F. Johnson Putney, 1108.
- Bruzism, Preauricular and Head Pain Caused by. Woodrow S. Monica, 170.
- CALORIC Tests, Diagnostic Value of in Otoneurology. Robert P. Gulick and C. R. Pfaltz, 893.
- Caloric Tests: Methods and Interpretation. J. S. Riesco-MacClure, 829.
- Carcinoma Laryngis, Current Status of Radiotherapy in. L. Henry Garland, 488.
- Carcinoma, Postcricoid and Esophageal, Pharyngo-Esophageal Replacement in. D. F. N. Harrison, 1026.
- Carotid Arteries, Retropharyngeal Hemorrhage from. Delmar F. Weaver and David J. Young, 341.
- Cavernous Sinus Thrombosis, Diplopia and Photophobia as Premonitory Symptoms in. Emil Pascarelli and Arthur Lemlich, 210.
- Cerumen, On the Chemistry of. Ash. Volatile Substances, Sodium, Potassium, Calcium, Magnesium, Phosphorus and Copper. F. B. De Jorge, A. B. Ulhoe Cintra, L. J. Paiva, A. P. Correa and R. Nova, 218.
- Cervical Lymphatic System as Visualized by Lymphography. Ugo F. Fisch and Melvin E. Sigel, 869.
- Chloramphenicol, The Effects of upon the Electrical Activity of the Ear. W. L. Gulick and W. C. Patterson, 204.
- Choanal Atresia, Congenital, in Infants and Children. Carlyle G. Flake and Charles F. Ferguson, 458.
- Chronaxie of Vocal Folds of Dog. Malcolm H. Hast, 305.
- Cleft Lips and Palates, A Longitudinal Study of Ear Disease and Hearing Loss in Patients with. Malcolm D. Graham, 34.
- Cochlea, Cumulative Effects of Oxygen Lack on Electrical Phenomena of. Ernesto Deutsch, 348.
- Cochlear Fluids, The Formation and Flow of the. I. Studies with Radioactive Sodium (^{24}Na). Y. B. Choo and David Tabowitz, 92.
- Coins in Esophagus, Age Incidence of Lodgement of Single. Gabriel F. Tucker, Jr., 1116.

- Cortical Motor Centers of the Laryngeal Muscles in Cat and Dog. Bosko Milojevic and Malcolm H. Hast, 979.
- Cranium, Base of. Human Postnatal Growth of Vomer in Relation to. Yasuaki Takagi, 238.
- Cricopharyngeal Sphincter. The Motor Nerve Supply of the. W. S. Lund and G. M. Ardran, 599.
- DEGLUTITION, Neurophysiologic Observations of Adaptive Mechanism of. Joseph H. Ogura, Masashi Kawasaki and Satoru Takenouchi, 1062.
- Diplopia and Photophobia as Premonitory Symptoms in Cavernous Sinus Thrombosis. Emil Pascarelli and Arthur Lemlich, 210.
- EAR. Auditory Test of Newborn Infants. Tokuro Suzuki, Yutaka Kamijo and So-suke Kiuchi, 914.
- Ear. Averaged Evoked Myogenic and Cortical Potentials to Sound in Man. D. Thane R. Cody, James L. Jacobson, James C. Walker and Reginald G. Bickford, 763.
- Ear Disease and Hearing Loss in Patients with Cleft Lips and Palates. A Longitudinal Study. Malcolm D. Graham, 34.
- Ear. Effects of Anesthetics upon the. V. Cochlear Potentials and Behavioral Thresholds. William F. Strother, Donald E. Parker, Walter E. Rahm, Jr. and Jesse F. Crump, 141.
- Ear. Effects of Chloramphenicol upon the Electrical Activity of the. W. L. Gulick and W. C. Patterson, 204.
- Ear. Intra-osseous Blood Supply of the Auditory Ossicles in Man. Barry J. Anson, David G. Harper and Thomas R. Winch, 645.
- Ear. Mechanism of Vestibular Suppression. Brian F. McCabe and Kent Gillingham, 816.
- Ear. Middle. Mechanics. An Experimental Study of the Pathophysiology of the. I. Kirikae, Y. Sato, S. Kawamura, M. Sato, M. Sawashima, S. Funasaka and K. Okabe, 124.
- Ear. Middle. Perceptual Theories of Muscle Function. F. Blair Simmons, 724.
- Ear. Some Aspects of Auditory Evoked Potentials in Man. Steven J. Borsanyi, 61.
- Ear Surgery. Middle. A Five Year Study of the Fate of Grafts in Reconstructive. N. D. Mulcahy and William McAfee, 1020.
- Ear. Threshold Auditory Adaptation Measured by Tone Decay Test and Békésy Audiometry. F. Harbert and I. M. Young, 48.
- Electromyography of Laryngeal and Respiratory Muscles: Correlation with Phonation and Respiration. F. Buchthal and K. Faaborg-Andersen, 118.
- Endocochlear Potentials. Fumiro Suga, Tamotsu Morimitsu and Kazumi Matsuo, 924.
- Endolymph. Secretion and Absorption of. G. F. Dohman, 708.
- Epistaxis. New Approach to the Problem of Severe. Steven O. Fortay, 595.
- Epistaxis. Significance of. Philip Jacobson, 995.
- Epithelial Cells, Human Ciliated, in Nasal Secretions. William T. K. Bryan, Marian P. Bryan and Catherine A. Smith, 474.
- Esophageal and Postcricoid Carcinoma, Pharyngo-Esophageal Replacement in. D. F. N. Harrison, 1026.
- Esophageal Trauma. Caustic. Study of Management of. C. T. Yarrington, Jr., Gertrude A. Bales and John P. Frazer, 1130.
- Esophagus. Age Incidence of Lodgement of Single Coins in. Gabriel F. Tucker, Jr., 1116.
- Eye Movements from Semicircular Canal Nerve Stimulation in the Cat. Bernard Cohen, Jun-ichi Suzuki and Morris B. Bender, 153.
- Exostoses, Aural, in Australian Aboriginal Skulls. A. F. Roche, 82.
- GLOMUS Jugulare Tumors. Personal Experience with. Gordon D. Hoople, 778.
- Grafts in Reconstructive Middle Ear Surgery. A Five Year Study on the Fate of. N. D. Mulcahy and William McAfee, 1020.
- HEARING Levels of Elderly in Jamaica. A Pilot Survey. R. Hinchcliffe, 1012.
- Hearing Loss and Ear Disease in Patients with Cleft Lips and Palates. A Longitudinal Study. Malcolm D. Graham, 34.
- Hyoid Bone. Perforation of the Pharynx with Fracture of the. Edmund A. Kerkorian, 583.
- Hypacusis. Extra-Auditory. William C. Livingood, 72.
- Hypoplasia and Agenesis of the Lung. Bronchography in. Eelco Huizinga and J. F. van Weering, 26.
- Hypothyroidism. Effect of on Larynx of Rat. An Explanation for Hoarseness Associated with Hypothyroidism in Human. F. N. Ritter, 440.
- Hytrast Bronchograms. Pulmonary Tissue Reaction Following. S. Donald Greenberg, Grady L. Hallman, Jr., and Harlan J. Spjut, 1095.

- IDIOPATHIC Respiratory Distress Syndrome in the Newborn.** Blair Fearon, Code Smith, M. Delivoria-Papadopoulos, H. Levison, and Paul R. Swyer, 1082.
- Implants, Fate of in Rats.** Albert Hohmann, Jerome A. Hilger and Richard Carley, 791.
- Implants, Pharyngeal, for Reduction of Air Space in Velopharyngeal Insufficiency.** Paul H. Ward and Joseph M. Wepman, 443.
- LABYRINTHECTOMY by Ultrasound via the Posterior Semicircular Canal.** Martin Spector, 970.
- Laryngeal and Respiratory Muscles, Electromyography of: Correlation with Phonation and Respiration.** F. Buchthal and K. Faaborg-Andersen, 118.
- Laryngeal Lymphatics, Normal Human.** Louis Ward Welsh, 569.
- Laryngeal Muscles, Cortical Motor Centers of in the Cat and Dog.** Bosko Milojevic and Malcolm H. Haat, 979.
- Laryngeal Muscles, Electromyography of Extrinsic, During Phonation of Different Vowels.** K. Faaborg-Andersen and W. Vennard, 246.
- Laryngeal Physiology, Clinical Application of Recent Advances in.** Godfrey E. Arnold, 426.
- Laryngectomy, Histologic Changes in the Trachea Following.** Thomas E. Griffith and Stanton A. Friedberg, 883.
- Laryngis, Carcinoma, Current Status of Radiotherapy in.** L. Henry Garland, 488.
- Laryngopharyngectomy, Experiences with.** Emanuel M. Skolnik, Arthur Loewy and Jose Smoler, 417.
- Larynx, Cartilaginous Tumors of.** F. Johnson Putney and John J. Moran, 370.
- Larynx of the Rat, Effect of Hypothyroidism on. An Explanation for Hoarseness Associated with Hypothyroidism in Human.** Frank N. Ritter, 404.
- Lymphatic System, Cervical, as Visualized by Lymphography.** Ugo P. Fisch and Melvin E. Sigel, 869.
- Lymphography, Cervical Lymphatic System as Visualized by.** Ugo P. Fisch and Melvin E. Sigel, 869.
- MANDIBULAR Fractures, Later Complications of.** Alan Nahum, 989.
- Mediastinal Surgery, Mediastinoscopy in.** Olavi Koskinen and L. W. F. Linden, 110.
- Mènière's Disease, General Anesthesia in the Ultrasound Irradiation of Posterior Labyrinth in.** M. Aralan and G. Bortot, 327.
- Meningitis, The Problem of Recurrent, and Pathologic Communication.** Jan Malecki and Gabriel Büttner, 963.
- Mucormycosis - A Rhinologic Disease.** Alex Weisskopf, 16.
- Myasthenia Gravis, Studies in. The Role of Tracheostomy and Controlled Ventilation.** Stanley M. Blaugrund, Henry R. Rosin, Gabriel Jenkins and Kermit E. Osserman, 618.
- Myoblastoma, Granular Cell, of the Vocal Cord.** David Halperin, 184.
- NASOPHARYNGEAL Teratomas, Adult, in the Newborn.** Donald Raines and C. T. Yarrington, Jr., 957.
- Nystagmus, Positional: Testing and Interpretation.** H. O. Barber, 838.
- OSSICLES, Auditory, in Man, Intra-ossaeous Blood Supply of.** Barry J. Anson, David G. Harper and Thomas R. Winch, 645.
- Otitis, Chronic, Critical Evaluation of the Treatment of.** Frank D. Lathrop, 756.
- Otoneurology, Diagnostic Value of Caloric Tests in.** Robert P. Gulick and C. R. Pfaltz, 893.
- Otosclerosis, Genetic Aspects of Clinical.** Francisco Hernández-Orozco and Gabriela Torres Courtney, 632.
- Otosclerosis, Stapedectomy in Obliterative.** Francis A. Sooy, Elmer Owens and Deborah Theurer, 679.
- Oxygen Lack, Cumulative Effects of on the Electrical Phenomena of the Cochlea.** Ernesto Deutsch, 348.
- PETROSITIS.** William F. Nicol, 255.
- Pharyngeal Symptoms, Chronic, Clinico-Histological Study of.** J. Thomas Rulon and K. M. Simonton, 501.
- Pharynx, Perforation of the, with Fracture of the Hyoid Bone.** Edmund A. Krekorian, 583.
- Phonation, A Note on the Mechanism of.** A. C. Hilding, 24.
- Photophobia and Diplopia as Premonitory Symptoms in Cavernous Sinus Thrombosis.** Emil Pascarelli and Arthur Lemlich, 210.
- Postcricoid and Esophageal Carcinoma, Pharyngo-Esophageal Replacement in.** D. F. N. Harrison, 1026.
- Proteinosis, Lipoid.** Robert F. Dickey and Sidney Davis II, 287.
- Pulmonary Function, Experimental Observations of Relationships Between Upper Airway Obstruction and.** Joseph H. Ogura, J. Roger Nelson, Richard Dammkoehler, Masashi Kawasaki and Kiyoshi Togawa, 381.

- RADIOTHERAPY**, Current Status of in Carcinoma Laryngis. L. Henry Garland, 488.
- Respiratory Tract**, Remarks on as a Unit. A. C. Hilding, 358.
- SALIVARY Glands**, Management of Chronic Inflammation of. Frank D. Lathrop, 528.
- Semicircular Canal Nerve Stimulation** in the Cat, Eye Movements from. Bernard Cohen, Jun-ichi Suzuki and Morris B. Bender, 153.
- Sinus, Frontal**, Tuberculosis of the. P. E. Pantazopoulos, 173.
- Sound**, Averaged Evoked Myogenic and Cortical Potentials to in Man. D. Thane R. Cody, James L. Jacobson, James C. Walker and Reginald G. Bickford, 763.
- Spiral Ligament and Stria Vascularis** in the Inner Ear, Electronmicroscopic Studies on the Functions of. Kaoru Yamamoto and Yoshiaki Nakai, 332.
- Stapedectomy**, Experimental, in Cats. Acoustic Effects of Different Stapes Replacement Techniques as Measured by Cochlear Microphonics. G. W. Allen, P. J. Dallos and T. K. Kuruvilla, 695.
- Stapedectomy** in Obliterative Otosclerosis. Francis A. Sooy, Elmer Owens and Deborah Theurer, 679.
- Stapedectomy**, Untoward Sequelae Eleven Months Following. Dorothy Wolff, 297.
- Stapes Fixation**, Audiometric Manifestations of Preclinical. Raymond Carhart, 740.
- Stress and Auditory Characteristics** of the Rat. Hideo Ishii, Kikuo Kamura and Osamu Harada, 948.
- Stria Vascularis and the Spiral Ligament** in the Inner Ear, Electronmicroscopic Studies on the Functions of. Kaoru Yamamoto and Yoshiaki Nakai, 332.
- TEMPORAL Bone Projections**, Roentgenological Nomenclature of. Joseph L. Izenstark and McHugh Simmons, 186.
- Teratoma**, Adult Nasopharyngeal, in the Newborn. Donald Raines and C. T. Yarrington, Jr., 957.
- Trachea and Bronchi**, Benign Tumors and Tumorlike Conditions of the. Vincent T. Caldarola, Edgar G. Harrison, Jr., O. Theron Clagett and Herbert W. Schmidt, 1042.
- Trachea**, Histologic Changes in Following Laryngectomy. Thomas E. Griffith and Stanton A. Friedberg, 883.
- Trachea**, Reconstruction of the Cervical. William W. Montgomery, 5.
- Tracheal Reactions Following Use of Cuffed Tracheotomy Tubes**. Joseph P. Atkins, 1124.
- Tracheotomy and Controlled Ventilation**, The Role of in Myasthenia Gravis. Stanley M. Blaugrund, Henry R. Rosin, Gabriel Genkins and Kermit E. Osserman, 618.
- Tracheotomy Tubes**, Cuffed, Tracheal Reactions Following Use of. Joseph P. Atkins, 1124.
- Tuberculosis of the Frontal Sinus**. P. E. Pantazopoulos, 173.
- Tumors and Tumorlike Conditions**, Benign, of Trachea and Bronchi. Vincent T. Caldarola, Edgar G. Harrison, Jr., O. Theron Clagett and Herbert W. Schmidt, 1042.
- Tumors**, Cartilaginous, of the Larynx. F. Johnson Putney and John J. Moran, 370.
- Tumors**, Glomus Jugulare, Personal Experience with. Gordon D. Hoople, 778.
- Tympanic Membrane**, Microphonic Potential Picked up from the. César Gavilán and Julio Sanjuan, 101.
- ULTRASOUND** by Labyrinthectomy, via the Posterior Semicircular Canal. Martin Spector, 970.
- VELOPHARYNGEAL Insufficiency**, Pharyngeal Implants for Reduction of Air Space in. Paul H. Ward and Joseph M. Wepman, 443.
- Vestibular Suppression**, The Mechanism of. Brian F. McCabe and Kent Gillingham, 816.
- Vocal Cord**, Granular Cell Myoblastoma of the. David Halperin, 184.
- Vomer**, Human Postnatal Growth in Relation to Base of Cranium. Yasuaki Takagi, 236.
- ZERO**, Audiometric, International. Hallowell Davis and Fred Kranz, 807.
